Family History Research

Has your family ever lived or worked in Arundel or the surrounding villages?
If so, Sue Sawyer, our Family History Co-ordinator, can probably help you to
find out more about your family's history.

Family name to be researched: _____

Is there anything you particularly want to find out? _____

Please supply below as much information as possible to get started (names, dates of births,
marriages, deaths, trades/professions, addresses or areas where they lived or worked, or any other
useful information you might have) continuing overleaf if appropriate:

Your Name: _____ Date: _____

Address: _____

Email: _____ Telephone: _____

Sue gives her time free to the Museum but, in return for research done, she will ask you to make a
donation to Museum funds depending on the amount of research undertaken. Sometimes, a
marriage certificate or other document may be needed which incurs a charge; Sue will ask your
permission to do this first, and you will be asked to reimburse Sue directly.

Please complete this form and:
